**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I used Sonic as my internet service provider because all I want is a the most basic internet access at lowest cost.

I switched to Sonic after using two major service providers who would increase monthly charges on early basis yet the internet speed remained the same or because worse.

It is not only the internet but the phone bundled with the plan is essential to my home.

I am happy with my DSL connection and do not want fiber unless it can reduce cost of my monthly payment - which will not happen.

So, if FCC disrupt current rules based on large monopolized internet service providers, then that is going to hurt me. Please do not do that.

Thank you.
