**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Competition is good for our economy. I need broadband access in order to run my business. I am concerned that the price of access is already too high. As technology evolves and business success is dependent upon internet access it is the responsibility of our government to insure that all are able to access the internet at an affordable price.
