**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I like freedom. That means being able to choose my internet provider that suits me best. My internet provider, Sonic, was CHOSEN by me, a consumer. They provide better stability and speed, all for a BETTER PRICE than the competitors in my area. These competitors definitely don't like this. They're probably trying to do a lot to sway regulations in their favor. We all know that isn't right but monetary gains is a strong motivation. America is behind a lot of the world when it comes to internet speed and affordability. Sonic is helping to keep pace with those other countries.

Please do not dismantle the 1996 Telecommunications Act. It is beneficial to America's progress.
