**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

The open competition of business is the foundation of Americas greatness, if open access is controlled by the big companies, competition ceases and in the long run the rich get richer and the average guy (me) suffers. Oh by the way Im the guy that votes people in too.

Please find some common sense (which doesnt seem so common anymore) and let the Internet stay neutral. Let the local guys provide the service, it drives competition. Ive gone to streaming my tv service because the big providers got out of control. A local internet provider gives me service over fiber optics, which is great. We need to keep this going.

Think about it and do the right thing.

Thanks for Your Time
