**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I don't usually post public comments, but as a subscriber to my local broadband Sonic, I feel I have to support the quality service and personal support they provide, and which are threatened by limiting competition. For many years I was forced to subscribe to Comcast simply because there was no alternative! Rates went up and it was either no service or pay up. Since Sonic, a local broadband, became available, I enjoy fast internet and reliable phone with a third of the cost. Fiber is reliable and local supports my neighbors. Keep broadband competition available.

Thank you,  
Dr. Kathleen McGill, professor emerita, University of San Francisco
