**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

A healthy competition is a healthy economy, with small business like Sonic network giving us customer a better choice of what we want and cheaper. I had been using at&t phone and internet for many years \$70 a month but they keep raising their price but their internet getting slower and more expensive so i switch. Without competing company offering a better deal i would be stuck with at&t that doesnt care for their customers but their money. I fully supports the broadband competition and please do not remove it or you will only hurt us.
