**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I had a choice to make about our internet connection, luckily there are good choices in the San Francisco Bay Area. A smaller ISP called Sonic offers exceptionally fast Fiber and phone service at a fair price. For less than \$60 a month I get both. The price beats AT&T and Comcast pretty easily and I get 1 GB speeds for internet.

Competition works and my broadband is super important to me since I do a lot of work remote from home.
