**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

At a time where fast, dependable and affordable internet access is becoming increasingly important, allowing for competition and success of smaller, locally based ISP is crucial to the communities they serve.

We chose Sonic because for a small business based on heavy data bandwidth, fast speed at a low cost allows us to do our work and keep the doors to our business open.

Comcast and AT&T, the other two ISPs in our area charge 3x more for the same internet service.
