**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

As a retired consumer with a limited income, it is very important to me to be able to get the same access to the internet as people and businesses with more money. I changed to this provider because I felt they would give me better service and I have been happy. It seems very unfair to make it harder for me to download anything just because I can't afford to pay more money. Please please please, do not forget people like me and people who have even less than me. Think of children who are trying to do homework, small businesses who are struggling already to get by.
