**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

American citizens often have little choice when it comes to their ISP, between settling for two big-box brands, or a small, local company. Shutting out small companies creates less competition and cheapens the product itself, allowing bad service to be rampant. Smaller companies that do good, important work can get shut out. We can't have laws that ruin these smaller companies and coddle the bigger ones.

I chose a competitive provider that offers great service at a great price. It would be awful for my husband and I (who do work primarily over the internet) to lose our great service.
