**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please do everything you can to preserve local competitive internet providers as they do their job in serving their communities at a reasonable price. The large telephone companies do everything they can to raise prices for a service that doesn't cost what they say it does, and it's almost impossible to actually talk to someone at their companies to get a reasonable price.

I'm a senior and pay way too much for my internet service. There is no price break for those of us on a limited income, unless we want to drastically limit our internet speed and service.

Please stop this! Allow competition with smaller companies for the critical broadband service that we all need now for our everyday lives.
