**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

The FCC must operate to ensure benefit to the PEOPLE, not to CORPORATE INTERESTS.

Bring back Net Neutrality. Provide for true competition amongst Internet providers. The Internet is the public's future.

I am so glad that, for example, Sonic has been able to provide me with excellent Internet service in western San Francisco, so that I am not beholden to my previous Comcast monopoly. I am now paying far less for much better service, and I have a CHOICE. FCC, do not take away the choice of Sonic Internet; instead, support more Internet choices in more places.

Internet Service should be a crucial public right, not a mechanism for abusive monopolies. Make it happen.

Thank You for serving the interests of the public.
