**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose a competitive internet provider because I was sick of spending top dollar for poor service. There were few options in my area until recently, and they were all terrible with customer service. I do NOT want to see price hikes that will increase the cost of internet for me and my family. We simply cannot afford to do without broadband, which we use for both work and pleasure. But we do not miss the bad old days before fiber optic service and a range of local providers were introduced into our area.

Thanks for consider my opinion.
