**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I was previously stuck with 1 broadband provider in Belmont California, until last July when only one provider came to the area. For years I was stuck with poor connection services, as slow as 256kps, yes kilobits per second in silicon valley noless, frequent almost weekly downed service, less than acceptable customer services, and expensive.

Please do not kill competition on this vital services. Competition provides better services, prices, innovation for improvement and gives consumers choices suitable for needs and costs.
