**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please allow business to compete for better service that benefits all consumers. Without competition, big players will monopolize the industry and can price hike at their pleasure. The U.S. is recognized as the inventor of the internet, but yet, U.S. internet service is lack behind many other developed countries in terms of speed and price. All and all, we need competition in order for businesses to have more incentive in providing better speed and service for all.

Harry W
