**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

This has gone too far. AT&T and other large providers are not providing the services they could and are asking to be paid more for it. Why? They didn't create this market. They don't own the internet. It a product of the efforts of people and it's a domain of and for the people. Don't allow the greed of a few to deprive the many of the benefit the internet affords them. Don't be agents of the few. Be stewards for the many and servants to the public. Please hear the voice of the people who say, "No!" to the proposals of Telecom.

Thank you,

Ben Cady
