**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have an amazing internet service provider (Sonic) for gigabit fiber at a reasonable price in San Francisco. They were the first to offer fiber to my neighborhood.

This ISP relies on the wholesale provisions of the 1996 Telecommunications Act for a significant portion of their business and this has allowed them to grow and expand their service offerings.

It is important for US global competitiveness for the citizens to have fast, affordable internet. I am writing in support of keeping these provisions that enable smaller ISPs to compete.
