**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am so glad that I am able to use Sonic.com as my internet provider at home and at our family business. They are proving us with quality service and with the latest technology available. They are innovative and and take care of their customers. They also support the local communities that they service. Please stop big business from trying to put our local providers out of business. Please save competition, save family business and save better service by supporting small local business.
