**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have been a Sonic consumer for the last six months, and I could not be more happy about switching from At&t. Ever since changing ISPs, I have felt what browsing the web should really feel like. I am a student who lives in a house with other students and broadband internet is a must. An increase in price for internet would place a burden on us that would interest with our already busy lives. I believe that other people deserve to share the same experience I've had with Sonic.
