**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I fully support the market where I have option to choose competitive provider. Broadband service is critical to my home, business and/or school. I strongly believe in the value of fair-and-competitive marketplace where good service provider is rewarded for providing high quality service with efficient pricing. Taking away competition from the market will only hurt the information technology industry in this country. Only a handful of big business would benefit for a short period of time.
