**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We implore you not to stifle our internet service and our rights to the free flow of information. Internet service has become more integral to everyday life than the telephone and postal services and allowing corporate control of this domain is a dangerous path that will lead to an erosion of our basic freedoms to communicate with our fellow citizens. Without this freedom our democracy is at risk and our beloved American Way will cease to exist. We demand a competitive marketplace with greater consumer protections.
