**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose a small ISP , Sonic , because Comcast put a cap on my data usage and my bill went up to \$300 from an already ripoff of \$200 a month.

If I didn't have an alternative I would I would have to choose between the monopolies of ATT (data cap) or Comcast (data cap). My bill is now \$60 with a Sonic (unlimited data).

I am so thankful I have a choice other than the big two ATT and Comcast, because I use a lot of data and I can not afford threir outrageous prices. My bill with Comcast went from \$60 a month to over \$250 and more over 10 years. They don't care about loyalty at all and are losing customers so they want to change the law, so they can gouge us again.

Enough is enough, I've had it with big business creating monopolies by sneaking through legislation in their interest.

Mark Ayers,
