47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I like this company & it is reliable. This company had to go through a wildfire around their HQ, and helped their community even though I don't live around their but it is nice to see the company do good & provide shelter, i heard. The wiring in my house is messed up cause my internet is going through another wall jack which i don't want but it can't be help because of my landlord. I stuck by Sonic cause it improved because my service light would turn on & off ,but in time it did fixed & idk how. It feels different to have Sonic than to have a commercial internet service which makes me a customer feel special & exclusive.
