**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Recently I switched from AT&T to Sonic because the service I was receiving from AT&T was poor and AT&T didn't seem interested in improving my connectivity. As a small business owner, I rely on internet to stay connected with my customers as well as update my website and keep my financials in order. Sonic has been an amazing upgrade for me, my family and my business. The price of internet is already high and the service should be commensurate with the monies we as customers are paying. We do not need higher prices; we need consistent high quality service from out internet providers and competition allows for that to happen organically. Sonic is a great example of a business that cares and does its best to deliver a great product.

I support broadband competition.
