**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Competitive access to my local loop is important to me. Its needed to keep competition active. Competitive access encourages innovation and helps to ensure that new services can be provisioned over this long-standing and basic infrastrucure.

Im a subscriber to a competitive local exchange service and Im very happy with their service offering. Their service and products are far better than my LEC offers.

Please do not limit access.
