**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

For a well known city like San Francisco, it's a tragedy we only have choice with lousy ATT, lousy cable. Ditto for infinity, who charge exorbitantly for terrible service limited products baseline offers useless.

I could go on and on, they hook you in by misleading initial offers common sales hack. I have used all ,very unhappy & heard positive reviews of Sonic from some of our neighbors. So i joined better faster internet less blackouts or disconnects.

But bottom line America needs to stop being controlled by big corporate \$\$ & give little guys a chance. Let democratic capitalism work, let the people decide, as Americans we need to be given choices not a communist socialistic monopoly.

If a business fails due to lack of customers so be it. True American capitalism has been given a chance to play out!!!
