**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Our internet and WiFi both upstairs and downstairs were greatly improved by our CLEC's (Sonic's) fiber optic system. The prior service offered by ATT was slower, less reliable, and more expensive. Government legislation should set guidelines that makes competitive service available as broadly as possible. It shouldnt be used to favor the established large players over smaller companies.
