**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose a small yet competitive provider (Sonic) because they have successfully built out a fiber infrastructure where California needed it most, San Francisco. They offer 1gbps while both Comcast and could only offer 12mbps. My internet was at a capable speed, for half the cost.

Im asking you to keep this a competitive market, and say no to proce hikes. For the sake of my productivity at work. With any other provider I couldnt even work from my house.

DSL is not sustainable for my family, or my business.

Thank you for your help and consideration.
