**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose Sonic as my Internet provider because they promised me faster Internet service at less cost than their big-time competitors. They did as they promised.

Since switching to Sonic I have had terrific service at an excellent price. Always before I felt I paid too much for erratic service. When I had problems with the service provided by my old Internet provider, I always felt as though solving my issue was not their first concern, and that their system was so big and complex that their workers often didn't fully understand how to fix what was broken.

Sonic is smaller and more interested in maintaining good customer relations. They provide the essence of good competition against the big companies that have grown fat and lazy. Please don't squelch Sonic's ability to do a good job for me and the others who have chosen them to provide quick, efficient, cost effective Internet service.

Thank you.
