**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I work with with teams of software engineers. Limiting my options for broadband is a perfect way to cripple my ability to have access to quality services that I rely on to do business. Without these options, IT and remote developers get stuck with higher bills and more bad services. If you'd like to see America continue to fall behind as a leader of innovation, go ahead and shoot us in the foot with this big corporate cash grab. I'll have you in mind.
