**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am very concerned that telecoms are lobbying for deregulation and dismantle components of the 1996 Telecommunications Act. This would lead to less choices as a consumer for broadband providers and competition!

Broadband connection to the internet is important to my daily life and it is very clear that the United States are far behind in ISP technology and broadband speeds that the rest of the world enjoys.

Without ISP competition price hikes will be inevitable and the motivation for new technologies will falter.

Please do not dismantle the 1996 Telecommunications Act.
