**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please keep small internet service providers without adding new restrictions that would basically spell doom for them. Changing the rules regarding unbundled network elements (telephone lines) will not help the consumer and may even limit our choice of providers. These new proposals are driven by big business and will hurt the small guy. Rule changes could result in price increases, or completely block access to telephone lines for independent ISPs. As a consumer, this does not sit well with me.

Thanks for your attention.

Heather Fitch
