**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please save competition. I subscribe to Sonic, a small ISP that competes with giants Comcast and AT&T in my area. Their customer service is far better and I would like to continue to use them.

Fast broadband is critical to my work as a software developer. This small ISP gives me bandwidth unavailable by the the monopoly holding large corporations.

I used to have DSL, but have fiber to the home now due to Sonic.net. There is no offering by Comcast nor AT&T that can come close to price or performance.

Please do not shut down broadband competition. It is vital to my success.
