**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I really think it is very important that we not allow monopolies to control our lives by charging whatever they want. We need competition for better prices and BETTER SERVICE.

Please vote to keep our internet and phone service reasonable. We all know what big companies do when they have no checks or competition. Please don't allow this to happen.

I currently have Sonic service for my phone and internet. Their great service has been very important to me in the past. When I had AT&T for my landline, the fees were much higher, years ago, and the service was really bad. It's bad enough that AT&T bought DirecTV.

I work from home and this is important to me.
