**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

There needs to be fair competition. Consumers need options. Broadband options are more vital than ever. The demands of the 21st century price that variety is in the best interest of everything. Quality / High Speed Broadband has become a way of life. If it disappears, we might as well be taking 100 steps back. The US is behind compared to other countries throughout the world, yet we are the First World Country that is lagging.
