**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have been appalled at the lack of competition in the Nation's Cable and Internet Service providers. For the longest time we were FORCED to use 1 of two carriers that were terrible in service & minimal attributes at best regarding benefits. I am sure the FCC knows which two companies I am referring to. (At&t & Comcast)

Then, our lives were changed by a local Internet company that offer Internet and phone line services. At a competitive cost & with GREAT customer service!! Yes, that is Sonic. We no enjoy some of the fastest internet speeds in the country and we watch content at our discretion!! not something forced down our throats like our two previous providers.

Not only that I can work from home with great confidence that my internet connection with be fast, quick and RELIABLE for mission critical work for my profession.

Do NOT take away this highly competitive service!!!
