**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

USTelecom is not being honest when they say there are no carriers that use UNE. Im a Sonic subscriber and they use UNEs.

For many years Comcast and ATT were the only options I had. I tried them both. I find the speed to be lacking and the prices high. For a long time I put up with both, because there were no other options, playing their shell games of trying to find the best bundle for the least amount of MY money. As soon as Sonic became available in my area I switched!

If you allow this section of the 1996 Telecommunications Act to be repeal then what they say will be true.

(no remaining UNE-based competition in that marketplace. ) Because you will have effectively killed off any remaining competition they had.

Be a friend of the consumer for once!
