47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer and I support broadband competition! The local company in my town is great. (Sonic) They let you talk to real people any time of the day or night. So much better than AT&T or any of the others. And their service is great and very reasonably priced. In short, it is a great value for the money. Please dont change rules that will make it hard for them to provide their very great broadband service to this community.
