**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Broadband is critical for me to be able to do my job as I work from home and constantly have global conferencing with some of the World's largest Fortune 1000 firms.

These smaller providers have also been much more reliable, faster, and have provided better quality service than the larger providers that I used for most of my time in San Francisco, CA.

I firmly say NO to price hikes that increase the cost of the internet, telephone services, and support competition. 1 company cannot be the "everything" to everyone and internet neutrality is critical.
