47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Open internet. open competition.

Your names will go down in infamy if you do not make the right moral decision.

Just say no to the pressure and the bribes.

I love my local internet provider who uses unbundled copper and inter-city fiber transport elements (UNEs) to compete in the residential marketplace.

We need competition to keep America Great and allow our citizens to stay educated and informed.

Thank you for your kind attention.
