**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We used to have Comcast Internet/phone, which was a big rip off compared to the way cheaper and many times faster Sonic Fiber Internet.

Seems like the FCC is helping the mega companies block competition and hike prices. This should be illegal.

Residential consumers like me will be materially affected in the FCC grants their petition, because there are carriers like our Sonic who use unbundled copper and inter-city fiber transport elements to compete in the residential marketplace.

Please deny their petition.
