**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Competition is imperative for a healthy, innovative marketplace. If the law is changed to allow large companies to squeeze out smaller ones and eliminate competition the resulting monopolies will be terrible for consumers. I have been the customer of a small broadband provider for many years now. I chose them based on their quality of service and attractive pricing. Please do not take this choice away from me.
