**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Between AT&T and Comcast, the only clear choice we have in our area is Sonic as we don't need the bundled TV services they sell. Nor do we need the constant gimmicks of an introductory price and then the skyrocketing monthly costs when all we really need is a nice and stable broadband connection. It's not like AT&T has bothered to bring the fiber connection close enough to give us a good connection. I know because I have requested multiple times. Because we don't have many choices, they have not bothered with us. For the amount that AT&T spends on lobbying and the amount they have spent paying Michael Cohen, our entire town would have been completely wired with fiber to the house. Instead, they choose to spend it on buying connections to a corrupt administration. We need an independent local business to provide us a no gimmick connection. Thanks!
