**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer of broadband deployed by a small business, Sonic in San Francisco, that has depended on open infrastructure to grow. I chose Sonic because they are improving their service with current technology, and I enjoy gigabit fiber at home. This is quite unlike the big service providers like Comcast, my previous ISP, who throttle connections and offer exorbitant pricing for sluggish speeds. Keep the ISP market competitive so we can keep moving forward.

Sincerely,

John McGoffin
