47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Don't artificially remove competition. AT&T provides lousy service and if they want our business back they have to earn it. We switched to Sonic because we were sick and tired of AT&T. Sonic has been fantastic, a small company with excellent service who jump when you have a problem and fix it within minutes. Seriously, what other phone company does that? But they should! If they want to compete with Sonic in a fair market, that's how they should treat their customers.
