**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I've been using Sonic for over three years with no interruptions of service, faster downloads, first-rate support (just consulting, not because support was needed), and much lower cost than AT&T. I've recommended Sonic to at least 5 other people, all of whom are as satisfied as I am after being unsatisfied with mainline service providers. And there have been no increases in cost.

I eliminated my land line telephone and use the same number voip with Sonic---works really well.

I sometimes share my desktop with collaborators in many places in the US and Europe. More than a few times someone has commented how quickly my desktop refreshes.

Sonic has save much time as well as reducing costs.
