**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a long-time customer of Sonic.net, a broadband Internet provider in rural Northern California. Sonic is a local ISP with a long history that provides competitive pricing, excellent service, and employs workers from our local community at good wages. Sonic is building out a fiber network here, but also relies on providing DSL over wires owned by AT&T to reach customers who haven't been or can't be reached by its fiber network. I urge you to continue enforcing the section 251(c)(3) unbundled nondiscriminatory access provision.
