**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

As a current subscriber to a carrier that uses unbundled copper and inter-city fiber transport elements to provide my residential internet services, I am extremely upset in the FCC's ruling that limits a competitive market and allows major Telcos like AT&T to effectively form a monopoly on the ISP market. This is unfair to the end consumer and has already resulted in price increases for my neighbors. Soon it will be me too. I will be voting for a free market, that allows for more than 1 service provider in my area.
