**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I live in San Francisco, had been a Comcast customer for the past 15 years, and have been blown away by the ability to get affordable fiber to my home from Sonic. I am getting 700-800 Mbps of capacity on the uplink and downlink for under \$60/mo. I know this would cost hundreds of dollars more from bigger companies. Please do what is right for consumers by allowing fair competition in the market. Do not allow AT&T and other companies take away my choices for affordable internet access.
