**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I believe in competition for consumer business. Small business like Sonic provides a good alternative to major providers and supports the local economy. Competition is the American way. It is important that small communities have a local choice. Government should not be in the business of supporting only the largest companies. There should be a level playing field.
